Technical

MOULDED RUBBER and PLASTIC Products

Design & Manufacturing

SOGO Group & Mission

SOGO Group is a consolidated industrial reality, focused on the design, production and distribution of **technical RUBBER and PLASTIC components** mainly for the **automotive, industrial and railway** applications; Other than for the production of rubber compounds

AUTOMOTIVE

RAILWAY

INDUSTRY

COMPOUNDS

MISSION

Be more and more recognized as a **reliable and quality partner** in the **design** and in the **production** of technical rubber, plastic and co-moulded components; being able - thanks to big investments in laboratory tools and in know-how – to support Customer's engineering dpt. in order to co-design new elastomeric solutions designed to achieve the Customer specifications at the **best price in the market**
